### Feedback Analysis & Action Taken / 2020 - 2021

The questionnaire was sent through the online platform, Google Forms. The link was served to the alumni and the responses were collected. All the respondents answered all the questions. The graphical representation was prepared on the basis of the options chosen by the respondents.

Criterion	Analysis	Action Taken
The learning I had in the college is useful in my career.	The respondents are able to comprehend the importance of their learning particularly in the college.	The institution has widened the utility purpose of the Programmes by giving more enriched learning experience to the present set of students.
The syllabus is always updated.	A less number of respondents feel the absence of newness in the syllabus.	As the college has prescribed the syllabus given by the University, it awaits the next Board of Studies to represent the matter. Discussed.
Learning outcomes of the Programme, in terms of skills, concepts, knowledge, analytical abilities are high.	The Alumni of the college have comprehended the fact that they have attained all the expected outcomes of the Programme.	Yet, there is a mild dissatisfaction that the skills have not been attained fully. More internship and Hands-on-training programmes have been planned to the present set of students.
The OBE based syllabus is really appreciable.	The alumni no more feel alienated from the OBE syllabus.	The POs and COs have been made known to the current set of students so that they could comprehend the usefulness of the OBE based syllabus.
The new courses introduced	Most of the respondents are satisfied with the new courses introduced in the curriculum.	The present students need introduction to the new and innovative courses which will promote them as researchers.

The number of courses in a Programme is normal.	The alumni feel that the number of courses, offered in the common curriculum is too high.	The courses are fit in as per the demands of the common structure. So suggestions will be given by the teachers in the next Board of studies to merge courses and make the number less.
The college gives equal importance to the co-curricular activities.	Most of the alumni are satisfied with the chances given to them to take part in all academics related activities.	The administration of the college encourages the students to participate in co-curricular and extra-curricular activities. So no alterations are needed.
I feel I am in no way inferior to the graduates of the same Programme from other institutions.	The alumni are content and happy about their almamater.	The confidence and happiness of the alumni by being a student of the college is appreciable. So there are no alterations needed.
The educational standards of the college are in steady increase.	On the whole, the graduates of the college are proud of being a part of it because of the high educational standards.	Yet more innovative methods are thought about to increase the standard of education.
