

3.2.2. Seminars & Workshops / 2020 - 2021

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Seminar on “Scope for Future Physicists”	PG & Research Department of Physics	15.03.2021	165

Report:

To guide the learners of Physics about their higher studies, scope for employability and future prospects, the PG & Research Department of Physics conducted a one-day State Level Seminar on “Scope for Future Physicists” on 15.03.2021. Dr. R.Kannan., Professor & Head, Department of Physics, Anna University College of Engineering, Dindigul Campus spoke on the topic and enlightened the participants.

PROGRAMME
 Prayer Song
Lightning the Lamp
 Welcome Address
 Mrs. G. JEYA JOTHI M.Sc., M.ED.,M.Phil.,(Ph.D)
 Assistant Professor,
 Sakthi College of Arts and Science for Women
PRESIDENTIAL ADDRESS
 Dr K. VEMBANAN, MBBS., MS.
 Chairman, Sakthi Educational Institutions
 Dr K. GOKILA VEMBANAN, MBBS., DGO
 Vice Chairman, Sakthi Educational Institutions
 Mr.K.SIVAKUMAR.,M.SC.,M.ED
 SECRETARY , Sakthi Educational Institutions
FELICITATION
 Dr.R.THENMOZHI, M.SC.,M.Phil.,Ph.D. ,
 Principal,
 Sakthi College of Arts and Science for Women.
INTRODUCING THE CHIEF GUEST
 Dr.S.Porchelvi, M.SC.,M.Phil.,Ph.D.
 Head & Associate Professor
 DEPARTMENT OF PHYSICS
Technical Session
"SCOPE FOR FUTURE PHYSICISTS"
 Dr. R.KANNAN, M.SC.,M.PHIL.,PH.D

DATE:15.03.2021
 DAY:MONDAY
 TIME:9.30 AM
 VENUE: SAKTHI AUDITORIUM

about our College:

St. Ann's College of Arts and Science for Women, Madhavanchatram is a constituent unit of Sowdamman Charitable Trust, Dindigul. This trust was established on 6-11-2001 by the magnanimous and noble hearted philanthropist Dr K. Vembanan MBBS, M.S and Dr. Lakshmi Vembanan MBBS, D.G.O., with the guidance of admabushan Arutchelvar Dr. N. Mahalingam.

about the Department:

The Department of Physics was started in the year 2010. Our department has well experienced research oriented faculty and the department is facilitated with well established laboratories equipped with Muffle Furnace, Centrifuge Machine, Zeeman Effect Apparatus, He-Ne Laser, Optical Fiber Communication Apparatus, Magnetic Stirrer, Ultrasonic Instrument etc.,s. The department organizes seminars and workshops to enlighten the students. The department is upgraded as a PG Department with the genesis of M.Sc Physics programme from 2010 and M.Phil Physics programme from the Academic year 2014-15. Our department PG students received NSCST Project in the academic year 2019-2020. Our department faculties published papers in International Journals.

Call for Papers:

Papers are invited by UG, PG and M.Phil students of Physics and Chemistry on

1. Nanomaterials and its applications
2. Renewable energy
3. Astrophysics

SPOT REGISTRATION FEE FOR STUDENTS AND FACULTY MEMBERS: Rs.150 /-

For registration please Contact:

Mrs.M.N.Jothi M.Sc., M.Phil.,B.Ed.,

Assistant Professor of Physics

Contact No. 9750684881

E-Mail ID: scasphysics2009@gmail.com

Organizing Committee:

Dr.S.Porchelvi, M.Sc.,M.Phil.,B.Ed.,Ph.D.

Mrs. G. Jeya Jothi M.Sc., M.ED.,M.Phil.,(Ph.D)

Mrs.S.Sridevi M.Sc.,M.Phil.,B.Ed., (Ph.D)

Mrs.M.N.Jothi M.Sc., M.Phil.,B.Ed., (Ph.D)

Mrs.G.Sophia M.Sc., M.Phil.,B.Ed.,

Mr.S.Vasanthi M.Sc., M.Phil.,B.Ed.,

REGISTRATION FORM

(Please register before week with the following information)

1. Name
2. Designation
3. Institution
4. Address with Cell No
5. E-Mail ID
6. Educational Qualification
7. Participants can send their registration form through E-mail (or) Post.

Place:

Date:

Signature of the Applicant

Signature of the HOD

National Level Seminar on "Internet of Things(IOT)"	PG & Research Department of Computer Science	16.03.2021	250

Report:

The PG & Research Department of Computer Science conducted a one-day National Level Seminar on "Internet of Things (IOT)" on 16.03.2021. The aim of the seminar is to provide basic knowledge of Digital Image Processing in a research perceptible. Dr. T. Genish, Assistant Professor of Computer Science, Karpagam Academy of Higher Education, Coimbatore gave knowledge to the participants the correct method to write research papers in Scopus Indexed, Web of Science and SCI Indexed Journals.

One day National Seminar on "Internet of Things(IOT)"
Organised by
Research Department of Computer Science

16th March 2021 at 10.00am
Venue: Sakthi Auditorium,
Sakthi College of Arts and Science for Women
Oddanchatram

The Participants can present a paper from the following topics:

- Artificial Intelligence
- Internet of Things(IOT)
- Data Mining
- Image Processing
- Cloud Computing
- Machine Learning
- Cyber security & Ethical Hacking
- Robotic Systems
- Biomedical and Medical Imaging
- Social Networks
- Web mining
- Data Sciences/Big Data Analytics
- Green Computing
- E-Learning
- 3D Painting

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Seminar on “Cayley Graph and its Applications”	PG & Research Department of Mathematics	18.03.2021	148

Report:

Application of Cayley Graph demonstrates the power of the Cayley Graph approach to solve specific applications, such as rearrangement problems and the design of interconnection networks for parallel CPU's. Recent results of the authors for efficient use of Cayley graphs are used here in exploratory analysis to extend recent results of Babai et al. on a family of trivalent Cayley graphs associated with $PSL_2(P)$. This family and its subgroups are important as a model for interconnection networks of parallel CPUs. The methods have also been used to solve for first time problems which were previously too large, such as the diameter of Rubiks $2 \times 2 \times 2$ cube. New results on how to generalize the methods to rearrangement problems without a natural group structure are also presented.

To explore the concept of Cayley Graph, the PG & Research Department of Mathematics conducted a one-day State Level Seminar on “Cayley Graph and its Applications” on 18.03.2021. Dr.C.Prasanna Devi, Assistant Professor of Mathematics, Fatima College, Madurai was the resource person and she shared her views.

Program Schedule

Welcome to Department of Mathematics

ABOUT THE COLLEGE

Sakthi College of Arts and Science is a constituent unit of Saradamma Charitable Trust, Odhantharam, Sivakumaram Charitable Trust was established on 26.11.2001 by the munificent and single minded devotion of the forethought philanthropists Dr. K. Venkatesan M.B.B.S., M.S., with the guidance of Archbishop Dr. N. Mahalingam Sakthi college of Arts and Science was founded in the year of 2009. It was affiliated to Mother Teresa Women's University, Sakthi College of Arts and Science is first women's college in Odhantharam. Its recognized under section 2(F) and 2(B) of UGC Act of 1956. The foremost Motto of the college is to enrich the student Socially, Economically and Culturally. This institution offers value based education and trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a model centre of learning on the basis of "Learn to Live, Live to Serve".

About Department of Mathematics

The department of Mathematics was established in 2009 B.Sc. Maths with CA. The department was recognized as PG Department in 2012 and as a Research department in 2014. The department aims in setting goals for students to lead a balanced successful life with proper health, good relationship and mental peace. Also, our goal is to create a better world through a education, research and extension activities. Remedial programmes are conducted successfully for the academic betterment of the students. At present the department has 8 teaching staff, well qualified and published many papers in UGC journals.

Competitions:

- 1) Paper presentation
- 2) Dumb Charade
- 3) Mathematics Model

Registration fee for Student Rs.150/- for Research Scholars Rs.200/-

State Level Seminar on "Nano Tech 2021"	PG & Research Department of Chemistry	19.03.2021	189

Report:

The technological branch manipulates the molecular structure of materials to change their intrinsic properties and obtain other with revolutionary applications. "It's green, it's clean, it's never seen- that's nanotechnology". That exuberant motto, used by an executive at a trade group for nanotech entrepreneurs, reflects the buoyant enthusiasm for nanotechnology in some business and scientific circles. There are bright and dark spots in the future of nanotechnology.

To explore the area of Nanotechnology, the PG & Research Department of Chemistry conducted a one-day State Level Seminar on "Nano Tech 2021" on 19.03.2021. Dr. R. Sayee Kannan, Assistant Professor of Chemistry, Thiyagarajar College, Madurai enlightened the listeners with her lecture. The participants from various colleges presented their papers on the application of Nanotechnology in different fields like Biomedicine, Environment, Electronics, Food, Energy, Textile etc.

State Level Seminar on “Sketching of Post Pandemic Transformation in Indian Trade and Commerce”	PG & Research Department of Commerce	23.03.2021	230

Report:

World Trade Plunged with deep contraction in the year 2020. COVID – 19 Pandemic has also shaken the global trade and development. This immediate impact on global production, International Trade, Foreign Direct Investment in global trade and has affected global production, global trade employment and ultimately individual livelihoods. India trade is also met difficulties in all aspects due to above pandemic situation. . But after the bit free from health shocks strict lockdown rules relaxation, local trade restrictions removals, yet Indian commercial and economic slowdown expected exist during 2021 also.

In order to strengthening our India’s trade and economy with strategically best possible solutions from the major pillars ARIES - (academicians, researchers, industrial experts, students), the PG & Research Department of Commerce conducted a one-day State Level Seminar on “Sketching of Post Pandemic Transformation in Indian Trade and Commerce” on 23.03.2021. Dr. T. Devasensathipathi, Director of PPG Business School, Coimbatore spoke on the after effects of pandemics on Indian trade and commerce.

Sub Themes

We are inviting unpublished articles from following sectors in the connection of seminar theme. The article should be addressed pros & cons, problems, solutions, strategically measures and etc.,

- > Retail & Wholesale Industries
- > Hotel Industries
- > Tourism Sectors
- > Health Care Industry
- > Vedic and Heritage Marketing
- > Small Scale Industries
- > Life Insurance Corporation
- > Transport Sectors
- > Pharmacy
- > Information Technology
- > Hospitality Industry
- > Logistics & Supply Chain Sectors

(Other topics related to the seminar theme will also be accepted.)

Important dates

	Last date
Abstract submission &	19/03/2021
Paper submission	

Registration fee

UG, PG Students & Participant	₹ 150
Research Scholar & Faculties	₹ 200

Spot Registration Will Be Accepted

(Co- Authors also have to Pay the Registration Fee)

GUIDELINES FOR PAPER SUBMISSION

- 1 One author and co-author can be included in the paper. Paper must be presented by either author or co-author or both.
- 1 Length of the paper should not exceed 5 pages including abstract with key words.
- 1 The papers are to be typed in A4 Size with MS Word, Times New Roman, Font Size 12, Title 16, Sub Title 14 And 1.5 Line Spacing.
- 1 The abstract and full paper send to E-Mail - Sakthiascommerce@gmail.com
- 1 No TA and DA will be paid to the participants and delegates, however accommodation will be arranged on your at your cost.
- 1 Only the registered participant will be provide with seminar kit, lunch and certificates.
- 1 Best papers will be awarded I&II Prizes.
- 1 Papers are invited from the students on the seminar theme with power point presentation.
- 1 Certificates will be given to all the paper presenters.

Mail Id: Sakthiascommerce@gmail.com

About The College.....

Sakthi college of Arts and Science is a constituent unit of Sowdamman charitable trust, Oddanchatram. Sowdamman charitable trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr.K.Vembanan M.B.,B.S.,M.S., and Dr.K.GokilaVembanan M.B.,B.S.,D.G.O.,with the guidance of Aratchelver Dr.N.Mahalingam.

Sakthi College of Arts and Science was founded in the year of 2009. It is affiliated to Mother Teresa Women's University, Kodaikanal. Sakthi College of Arts and Science is the first women's college in Oddanchatram. The foremost motto of the college is to enrich the students socially, economically, culturally and this institution offers value based education and trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a nodal centre of learning on the basis of "Learn to Live, Live To Serve"

About The Department.....

The department of commerce was started in 2009 and has a track record of excellence in academic and other extracurricular activities. The department has highly qualified and experienced staff members who always strive to impart knowledge to the students and motivate them in their overall development and also produce many rank holders. Many of our alumni are renowned Teachers, Professors, Officers in banking and insurance sector, chartered and cost accountants, company secretary, executives in MNC's and successful entrepreneur. The department offers B.Com, B. Com (CA), M.Com, M.Com (CA) and M.Phil Programmes.

About the seminar

World Trade Plunged with deep contradiction in the year 2020. COVID – 19 Pandemic has also shaken the global trade and development. This circumstance immediately impacted on global production. International Trade, Foreign Direct Investment in global trade and has affected global production, global trade employment and ultimately individual livelihoods.

India's trade too met difficulties in all aspects due to above pandemic situation. But after the bit free from health shocks, strict lockdown rules relaxation, local trade restrictions removals, yet Indian commercial and economic slowdown expected to exist during 2021 also. However, India's trade slightly favoring during the first phase of the year 2021. In order to strengthening our India's trade and economy need of the hour is strategically best possible solutions from the major pillars (ARIES)-Academics, Researchers, Industrial Experts and Students.

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
22	Webinar on “Crystal Growth and its Characterization”	PG & Research Department of Physics	19.05.2021	100

Report:

Crystal growth is a major stage of a crystallization process, and consists in the addition of new atoms, ions, or polymer strings into the characteristic arrangement of the crystalline lattice. The growth typically follows an initial stage of either homogeneous or heterogeneous (surface catalyzed) nucleation, unless a "seed" crystal, purposely added to start the growth, was already present. The action of crystal growth yields a crystalline solid whose atoms or molecules are close packed, with fixed positions in space relative to each other. The crystalline state of matter is characterized by a distinct structural rigidity and very high resistance to deformation (i.e. changes of shape and/or volume).

To study in detail about the growth of crystals, the PG & Research Department of Physics conducted a Webinar on “Crystal Growth and its Characterization” on 19.05.2021. Dr. (Mrs).A. Chitra Devi, Associate Professor & Head, Sri Subramanya College of Engg. & Tech., Palani spoke on ‘Nucleation, Mechanisms of Growth of Crystal, Diffusion-control etc.

Webinar on “Role of Reagents in Organic Synthesis and Role of Chemists during Pandemic Period”	PG & Research Department of Chemistry	21.05.2021	215

Report:

A reagent is a compound or mixture added to a system to cause a chemical reaction or test if a reaction occurs. A reagent may be used to find whether or not a specific chemical substance is present by causing a reaction to occur with it. Since the start of new coronavirus (COVID-19) outbreak in December 2019, Pharmacists, chemists worldwide are playing a key role adopting innovative strategies to minimize the adverse impact of the pandemic.

To highlight the prevalent condition and try to find solution to the challenges faced by the people, the PG & Research Department of Chemistry conducted Webinar on “Role of Reagents in Organic Synthesis and Role of Chemists during Pandemic Period” on 21.05.2021. Dr. S. Syed Anuthahir, Assistant Professor of Chemistry, Jamal Mohamed College, Trichy spoke on ‘Organic synthesis, Mechanism of reaction, Composition of Sanitizer and Tablet chemical compounds’.

Webinar on “Career Planning And Corporate Outlook in Current Scenario”	PG & Research Department of Commerce	22.05.2021	149

Report:

A career can be defined as a person's progress within an occupation or series of occupations. However, a career is more than just a job, or working, or your occupation. It also includes your progress through life, your growth and development in vocational and avocational areas of life. Many of us think that there is only one occupation that is best suited for us, but there are really several that may be good choices. Deciding on your initial career may present a stressful and frightening prospect.

To help the young learners in deciding their future career, the PG & Research Department of Commerce conducted Webinar on “Career Planning And Corporate Outlook in Current Scenario” on 22.05.2021. Dr.G.Sathish Assistant Professor of Management Studies, Vijay Institute of Management, Dindigul elaborated how many tend to perceive career decision-making as complex or even mysterious, only because they tend to concentrate on the outcome and overlook the decision-making and planning process.

Webinar on “Low Dimensional Semiconducting Materials and their Applications in Optoelectronics”	PG & Research Department of Physics	24.05.2021	305

Report:

Low-dimensional (including two-dimensional [2D], one-dimensional [1D], and zero-dimensional [0D]) semiconductor materials have great potential in electronic/optoelectronic applications due to their unique structure and characteristics. Many 2D (such as transition metal dichalcogenides and black phosphorus) and 1D (such as NWs) materials have demonstrated superior performance in field effect transistors, photodetectors (PDs), and some flexible devices.

The PG & Research Department of Physics conducted Webinar on “Low Dimensional Semiconducting Materials and their Applications in Optoelectronics” on 24.05.2021. Mrs. R. Arulmozhi, Assistant Professor of Physics, A.P.A. College for Women, Palani lectured on how in the application of PDs, the variety of low-dimensional materials and properties enable wide-spectrum detection from ultraviolet UV to infrared, which provide a potential option for PDs under various conditions. She focussed on the various low-dimensional materials that have been extensively used and their applications in the electronics/optoelectronic and flexible electronics.

PG AND RESEARCH DEPARTMENT OF PHYSICS

A warm Greetings to all, We Cordially invite all students and Faculties for one day Webinar.

Webinar on “CA CMA CS – Career Excellence ”	PG & Research Department of Commerce	02.06.2021	76

Report:

The three professional courses related to Commerce discipline are CS, CMA or CA. While there a number of similarities among the three, they are still far apart from one another. So in order to pick the right one for oneself, one has to understand his own aptitude, academic background and interests. There are a lot of similarities when it comes to the syllabus in all three courses – CA, CS and CMA. However, the main focus of CA is Finance, Auditing and Tax. The main focus of CMA is the in-depth study of Cost and Management Accounting whereas CS gives you a detailed study structure for Company Law and Company Secretaryship.

To make these differences more clear and show the way for career excellence, the PG & Research Department of Commerce conducted a Webinar on “CA CMA CS – Career Excellence ” on 02.06.2021. Mr. Vijay Ravi, Auditor and Mr. N. Srinivasan, Chartered Accountant, AKS Academy addressed the participants and guided them perfectly.

Webinar on “Digital Etiquettes for the Budding Professionals”	PG & Research Department of Commerce	07.06.2021	110

Report:

Social Etiquette in real life is ingrained into our social life, although etiquette in technology, commonly referred to as netiquette, is a fairly recent concept. It is a social code that is used in all places where one can interact with other human beings via the Internet, including text messaging, email, online games, Internet forums, chat rooms, and many more. It can be a challenge to communicate on the Internet without misunderstandings mainly because input from facial expressions and body language is absent in cyberspace. Comprehending the importance of Social Etiquette in the modern times, the PG & Research Department of Commerce conducted a Webinar on “Digital Etiquettes for the Budding Professionals” on 07.06.2021. Dr. K. Sridevi, Associate Professor, School of Management, Krishna College of Engineering and Technology, Coimbatore discussed how in an attempt to safeguard against these misunderstandings and to discourage unfriendly behaviour, are regularly put in place at many websites, and often enforced by moderation by the website's users or administrators.

Webinar on “Role of Mathematics in Computer Science - Key to the Future”	PG & Research Department of Mathematics	09.06.2021	70

Report:

Computer scientists use mathematics in their professional lives in several ways. First mathematics provides the theoretical basis for many subfields of computer science, and important analytic tools for others; computer scientists thus apply specific mathematics provides a frame work for reasoning about computing and computing problems, and even more broadly, provides a mental discipline for solving these problems.

Mrs.R.Janani, Assistant Professor, Department of Mathematics, SSM Institute of Engineering and Technology, Dindigul spoke on the topic in detail.

Also in the meeting (60)

Title of the Programme	Organizing Unit	Date	No. of Participants
Webinar on “Financial Awareness and Consumer Training”	PG & Research Department of Commerce	28.06.2021	110

Report:

Globally, youth are becoming financial consumers earlier in their lives than ever before and making financial decisions (credit cards, education loans) that can have lasting consequences, if not well managed. Before they graduate and join the workforce and take on more financial obligations for the first time, our youth can benefit from learning how to set financial goals, avoid problems and know where to go for help when they need it. They also need to be aware of their rights and responsibilities as financial consumers.

Comprehending the situation, the PG & Research Department of Commerce conducted a Webinar on “Financial Awareness and Consumer Training” on 28.06.2021. Mr.

S. N. Jeyabalan, Financial Educational Trainer, National Center for Financial Education provided financial education to our young graduates and postgraduates, on topics relevant to them, which will positively impact their financial wellbeing.
